

## Alexandria Gazette.

TUESDAY EVENING, JUNE 27, 1882.

## LOCAL MATTERS.

**WEATHER PROBABILITIES, June 27, 1882.**  
For the Middle States: fair weather, westerly to southerly winds, slight changes in temperature.

**GREAT FALLS MANUFACTURING COMPANY.**—A special meeting of the stockholders of the Great Falls Manufacturing Company was held at Green's Mansion House, in this city, at twelve o'clock today. There were present: Dr. John Trimble, vice President, in the chair, Chas. R. Abelt, secretary, and H. E. Davis and Randall Hagner, of the board of directors. It being ascertained that a majority of the stock was represented by proxy the new charter of the company granted by the Virginia Legislature was read and accepted, and after the transaction of some other business of a routine character, the meeting, after a session of about half an hour, adjourned. The company owns about nine hundred acres of timbered and mineral land at Great Falls, with the members claim, the greatest available waterpowers in the United States. For the improvement of this property the company was organized, and with this object in view, efforts have been made to get northern capitalists to establish manufacturing to some northern gentlemen has been talked about, but it is not known whether such an arrangement has been consummated. All the meetings of the company, which are held here in accordance with the requirements of the charter, are private.

**POLICE NEWS.**—There were before the Mayor this morning a large number of owners of unlicensed dogs, and Moses Harris colored, for drunkenness; Susan Ball, colored, for demanding the character of a young colored woman named Thompson; Albert and Will Minor, both colored, for following the dog cart.

All of the owners of unlicensed dogs, most of them colored, were fined and required to take out licenses for their canines. Mary Pinkney, who had no money to pay for licenses for her two dogs was locked up. Moses Harris, who was badly cut about the head, wounds from repeated falls, was fined \$1. Susan Ball was released for further examination to-morrow morning, when she promised to have numerous witnesses to prove that the Thompson woman was not a lady. The two minor boys were discharged with a reprimand.

The scene in the Mayor's office was an interesting one. There was a multitude of old and decrepit colored men and women, who, rather than allow their dogs to go to the pound, came forward and paid their last cent for licenses, many of them paying for two dogs. Some of them were short five and ten cents, and upon being refused a license would go off sorrowfully, but would soon return with the full amount.

**THE DOG CART.**—The dog cart, with Nephew, in charge, commenced its rounds yesterday, followed by a large crowd of archers. Of the horde of vagabond dogs running about the streets of the city, twelve were captured. One was released, and the remaining eleven were taken to the pound where they will be killed unless redeemed in twenty-four hours. To-day the cart was as successful as it was yesterday, and soon the slaughter of the canines will be commenced. A large number of owners of unlicensed dogs are daily before the Mayor, or all of whom are fined and required to take out licenses. Not only the police are engaged in reporting keepers of unlicensed dogs, but the commander of the dog cart, wherever he fails to catch an unlicensed dog and can find out the owner, reports the case to the Mayor. So it will be seen that it is hard for the harbinger of an unlicensed canine to escape justice.

**CITY COUNCIL.**—A regular semi-monthly meeting of the City Council will be held to-night, at which all the financial accounts—except the report of the Committee on Light, which has not yet been prepared—of the corporation for the past year, will be presented. The members of the Finance Committee have been working diligently, almost night and day, for the past two weeks, and their report will represent a vast amount of labor, especially on the part of the chairman, Mr. John B. Smoot. There has been some talk of the resignation of the committee presenting their resignations at the close of the present year, but it is thought they will be induced to continue in service for another year at least. There is not much probability of the Council adjourning for the heated term to-night.

**THE NEW VESSEL.**—Efforts are being made to get the vessel, now nearly completed at Messrs. John P. Agnew & Co.'s ship yard, off the stocks Saturday next, but Mr. Crawford, the superintendent, says he may have to postpone the launching until Monday. This vessel, which was commenced on the 3d of last March, and which will be larger than either the Portner or the Ogden, will cost about \$38,000, \$2,000 more than was calculated upon, but it could not have been built cheaper in Maine. It will be completed here for sea, and will be used entirely in the coal trade, taking the first cargo from this port if the coal can be procured. The hauling port will be New York. Mr. McFarland, of Baltimore, a part owner, will furnish the sails.

**CORREY COURT.**—The June term of the County Court, Judge James Sangster presiding, commenced at the old Court House in this city to-day.

The will of John R. Johnston was admitted to probate.

Winder vs. Ferguson; debt; continued.

Wm. A. Lyons was appointed additional constable for Jefferson District and qualified as such.

Kozier Massey was relieved from personal service on public roads on account of bodily infirmity.

The Court then adjourned till Friday next.

**THE CANAL CASE.**—After the cross-examination, by the counsel for the city, of Auditor F. L. Brockett and L. E. Uhler, Secretary of the Canal Company, before Commissioner John S. Fowler yesterday, in the case of the United States against the Alexandria Canal Company, relative to the sale by the city to the State of 2,720 shares of canal stock, the taking of testimony was postponed till Saturday next. The case will be called for trial at the July term of the United States Court, but it is not known whether either side will then be ready to argue the questions involved.

**TRAINS DELAYED.**—The several railroad trains were late in arriving at and departing from this city this morning. The south bound morning train over the Virginia Midland Railway was delayed an hour and fifteen minutes waiting for the New York train, and the train north bound over the same road, due yesterday evening, did not arrive until late to-day, having been detained waiting for connection with the Chesapeake and Ohio Railroad train. There was an accident on the last named road yesterday, caused by a land slide.

Mr. AUGUSTINE SMITH, who suddenly

turned up in this city last week, left his home in Ohio, it appears, as suddenly as he left Alexandria twenty-five years ago. Two gentlemen, who were here this morning in search of him, reported that he left his family without stating where he intended to go, and his wife was greatly distressed with fears of his death.

The committee appointed by Council for the purpose, have accomplished, as yet, nothing towards securing the running of the local trains between this city and Washington from the corner of King and St. Asaph streets.

NOTWITHSTANDING the thermometer has registered 90 degrees to-day, it has been quite pleasant in the shade, by reason of the continuance of a strong breeze.

Robert Green, esp., of Philadelphia, who has been visiting his son, Mr. Henry Green, in this city, returned to his home yesterday.

Merced L. Robertson, son of Mr. T. Balling Robertson, of Fauquier county, Va., has just returned with the degree of L. L. B., at Yale University.

When your wife's health is bad, when your children are sickly, when you feel worn out, use Brown's Iron Bitters.

Men's Suits ranging from \$4.00 to \$25.00 at H. STRAUSS', 60 King st.
